## Plans and arrangements for 2023

We are delighted to announce that 2023 is the twentieth anniversary of the formation of the City of London Crime Prevention Association, and this will be marked and celebrated throughout the year.

Our crime prevention theme for 2023 is tackling Violence against Women and Girls (VAWG) in support of the government's strategy to ensure women and girls are safe everywhere - at home, online and on the streets. There will be a number of related initiatives and events.

Consequently, we have planned a full and ambitious programme of meetings and events for 2023.

Please note members can bring up to four guests to each CoLCPA meeting, be they from your company, clients or colleagues from other organisations. Please take advantage of this and encourage anyone from the broader security family, or anyone with an interest in the topic we are covering to join us for the meeting with a view to becoming a full member of the Association.

Regular updates on the status of our meetings and full details of how to join are available on our website: [www.cityoflondoncpa.org.uk](http://www.cityoflondoncpa.org.uk).

Membership updates and news are also posted on our [LinkedIn](#) company page.
